MISSION STATEMENT

We develop students:

- ... by encouraging intentional spiritual growth.
- ... by encouraging a personal response to the world's needs.
- ... by encouraging service and exercise of spiritual gifts.

We partner with ministries:

- ... who are making a long-term impact.
- ... who have a meaningful need we can meet.
- ... who understand our heart to develop students.

APPLICATION PROCESS

Visit benttree.org/carrollton-student-missions

Step 1:

Download and read the entire 2019 Mission Journey Guide for Carrollton Student Missions prior to beginning your application process. Before selecting a trip, determine the trips/dates you are eligible for and available to attend. You will select trips based on your CURRENT grade level. For example, if you are currently in 6th grade, you will apply for 6th grade trips).

Step 2:

Complete the Student Application (based on grade level).

1. Please note you are applying for your first choice. You may be placed on a different trip selected, based on team dynamics, team size, and number of applicants.
2. Students under 13 will need to have their parents create an account. Once the parent creates an account, the parent can start the application on behalf of the student. (We encourage students to fill out the applications in their own words).
3. For students over the age of 13; you may choose to create your own account. However, you will need to have a unique email address different than your parent's email in order to access and update your own trip. (Parents will still be provided with all information).

- 
4. For those over 13, you may register from a parent account and you will not need to enter a personal email address. However, meeting checklists and funding updates will go to the parent email only.
 5. If you have questions or run into trouble registering, please contact Jason Johnston at jjohnston@benttree.org

Step 3:

Please provide an email address for your personal reference on the reference section of your application. Send the Personal Reference form to your current Bent Tree Small Group Leader or a leader you serve under at Bent Tree (for example, if you serve in Kids Ministry, ask your Coach to complete the form).

Step 4:

Please provide a parent email address for the parent reference to be sent to, in the reference part of the application.

2019 MISSION JOURNEY MEETINGS AND EVENTS

Meetings are an important part of the whole Mission Journey experience. As the teams bond in the months prior to the actual journey, something begins to happen within the students. They stop being individuals going on a journey and become part of a team committed to sharing God's Word, God's love, and God's mission as they work together for a common goal. These meetings are also spent in great preparation for the mission journey, including spiritual development, cultural sensitivity training, team-building activities, as well as in-depth ministry planning (for example, VBS plans).

Approval must be obtained from the Student Missions Coordinator in order to miss a meeting.

Any more than one absence can result in the removal of a student from their team unless there are extenuating circumstances.

Please check the specific team meeting schedule when applying for a Mission Journey to ensure your attendance.

Site Information: San Antonio is the seventh largest city in the United States, with a metropolitan area population of 1.8 million people. It is rich in Texas history as well as beautiful Hispanic culture. San Antonio boasts some of the wealthiest neighborhoods in Texas, and many celebrities, athletes, and successful business people make the city their home. However, despite San Antonio's pockets of great wealth, this historical city also has an extreme poverty problem. Nearly 20 percent of the population resides below the poverty line, and the average income per household of \$18,000 is one of the lowest in the state.

Ministry: We will be serving alongside BloodnFire ministries, which partners with and reaches out to poverty-stricken residents of the inner city. The San Antonio Mission Journey will provide students with an opportunity to serve in a largely Spanish-speaking, urban setting through construction projects and day camps. Construction may involve home repair, deck building, or cleanup and beautification projects. VBS, sports camps, or fine arts camps for the kids in the neighborhoods will also take place.

Accommodations: The team will be driving rented vans to San Antonio and will be using these as transportation during the week. The team and students will be housed at the BloodnFire headquarters.

Costs: Include transportation, lodging, food, administrative costs, construction materials and ministry supplies.

Site Information: Week One of this mission journey will revolve around creating and perfecting an original performance. It will require great vulnerability as the team is creating a show based on their own hearts! The team will engage in a quiet time at the beginning of the day, and end each day with a circle of encouragement.

For the first half of Week Two, the team will teach a VBS Theatre Camp for a Dallas-area ministry. For the second half of the week, the team will perform their show for different communities around the DFW Metroplex. On that Friday, the team will perform one final show for their families and friends, celebrating all that God did through the team. Following the final performance, the team will strike the set/props/costumes and have one last big circle of encouragement.

Estimated Trip Cost: \$2000-2500*

Deposit: \$100

Support Letters: 50

Site Information: The vision for Village of Hope (VOH) was born out of the knowledge that God has a heart for the least of these. Scripture reveals a God who is passionate about the sick, the widow, the orphan, the alien, and the poor. The purpose of Village of Hope is to provide family, faith, and a future to special needs children and vulnerable mothers in a family-style setting. Each family living unit consists of house parents and about eight children or mothers living in a home together on the Village of Hope property. The desire of VOH is to create a family unit as God intended — a family to provide life-long support as well as to teach the children life values.

Much of the trip will be spent teaching fine arts/sports classes and coordinating a small production at the end of the week. The team will also have opportunities to deliver food to local villages, as well as eat a traditional Guatemalan meal in the home of a local family. Additionally, students will have a chance to serve with Into His Arms, a ministry of VOH that provides hospice care for terminally ill infants, the first of its kind in the country of Guatemala.

(11th & 12th Grades)

Dates: July 7-20

Estimated Trip Cost: \$2600-\$3000*

Deposit: \$100

Support Letters: 50

Site Information: Amazon Vida exists to make disciples and develop leaders, launching them to plant churches and restore communities in the amazon and throughout the world. There are over 40,000 communities known to exist in the region that have never been reached with the gospel. The challenges of ministry on the Amazon River are great because of the many physical and spiritual difficulties, but short-term mission trips are an important part of Amazon Vida's larger ministry strategy. Although the darkness is great there is a greater source of hope for these unreached people through the restorative work of Jesus Christ!

Ministry: Students will partner with AmazonVida as they facilitate a Fine Arts Day Camp in Parintins, Brazil. For the first week, the team will train teenagers at the local school to lead the FADC week, followed by assisting the Brazilian students as they lead FADC for close to 500 local school children. The team will also have the opportunity to visit local villages by boat to see the many ways Bent Tree has partnered with AmazonVida.

Costs: Include transportation, lodging, Kids Amazon Vida costs, work supplies, and on-site meals. This journey requires a passport and possible immunization fees.

Spending Money: Students will need extra money for meals during travel and for souvenirs. Recommended: \$50.

SUPPORT LETTERS

There are two types of letters.

Prayer letters are required for trips for which you do not, or are not required to, raise funds to cover the cost of the trip. These trips still need prayer support.

The second type of letter is a support letter. If you are planning to raise funds for your trip, **support letters are mandatory!** God works through such letters to provide much of the funding for short-term Mission Journeys. Even more importantly, support letters generate prayer support as well. Many friends and family members are happy to help participate in a mission trip by giving and praying.

Prayerfully ask God to show you who would be a willing recipient of your request. He knows who is ready and able to contribute to the mission. He will do his part to prompt them to make a donation or to pray. **Many people are waiting to be asked to be involved in God's kingdom work.** You may be surprised to find how many family members, friends, and others are willing to donate to your trip. Many times God wants to work in their lives through this process.

If you are placed on a trip that requires fundraising and you do not send out support letters asking for funding for your trip, you will not be eligible for any available scholarships.

If you are paying for the entire trip yourself, you may wish to add a statement in your prayer letter that the cost of your trip is covered, but people may contribute to the cost of the team going if they wish to do so.

Support letters should include the following:

1. ***Dates and location of the trip.*** Include a brief description of the area where you will be traveling. These can be found online, from the trip information pages, or from your trip leader.
2. ***Description of what your team will be doing.*** Include any planned activities such as VBS, construction, evangelism, cleaning, etc. This can be taken from the trip information pages or from your first team meeting.
3. ***Why you want to be involved in this trip.*** Explain your call to this particular trip, location, or project. Describe what personal growth you hope to achieve.
4. ***The exact cost of the trip.*** Include how much this trip will cost and place the following phrase in your letter: “Any amount I raise above and beyond the cost of my trip will go to help the overall cost of student mission trip expenses.”
5. ***Clear instructions on how the reader should respond.*** The goal is to have all your support in by May 15. MAKE IT CLEAR THAT CHECKS SHOULD **NOT** BE MADE OUT TO YOU. Include the following statement: “If you can help financially at this time, please make checks payable to Bent Tree Bible Fellowship and put my name in the memo section. Please return your donation by May 15 in the enclosed envelope. You may also give online at benttree.org/give.” You should write your name and your trip location on the outside of the return envelope, and, if possible, place a stamp on the return envelope.

Important steps in completing your support letter:

- ***Each team member should compose their own letter.*** If there are siblings going on different trips, one letter may be sent. However, each student should write their own section of the letter. Contributions may also be made in one check — with both names in the memo section — and in one return envelope.
- ***Keep it brief.*** One page is recommended. Including maps or photos (especially of children) will enhance your letter. These can be found online or from previous trip members or leaders. Please put the date of your letter on the upper right side of the page.
- ***Have your parents proofread your letter.***
- ***Bent Tree must proofread your letter.*** Please submit a copy of your letter via email to your trip leader prior to mailing your letter. Support letters are due for proofreading by January 27, 2019, and should be mailed no later than February 24, 2019.
- ***Send your letters by the listed dates.*** Please refer to your trip information sheets for the required number of letters. Feel free to send more, and please send to people outside of Bent Tree.
- ***Send a thank-you note for each donation.*** You will have access to login and see the names of individuals who have contributed funds in your name. When you return from your trip, please send thank you/report letters to all who contributed financially and through prayer.

SUPPORT DEADLINES

In addition to writing support letters, you are encouraged to work, babysit, or do other services for individuals to raise money for your trip.

Turn in any funds to the Student Missions office with a notation of your name and the name of your trip. This can begin even before you are placed on a team. If you start working now to raise money for next summer, you have more than six months to earn money for your trip.

Payment Schedule

At the first student/parent meeting, you will receive a trip-specific schedule for payment. If you have not raised these percentages of funds by your specific dates, you will be required to pay the remainder of that percentage by the deadline.

Percentage or Amount	Deadline
Deposit Fee	Team acceptance
50%	April 15
100%	May 31

** If you are paying for your mission trip, please adhere to these payment deadlines accordingly

FAQS FOR STUDENTS AND PARENTS

When do students turn in our Student Mission Journey application?

Online applications are must be fully completed and submitted no later than Sunday, January 6, 2019 at 11:59 p.m. Please note that any late or incomplete applications will be put on a waiting list for placement on our summer trips.

How are team decisions made?

The review team will use the following information when making an acceptance decision:

- Applicant is a Christian
- Applicant is consistently involved in Bent Tree student ministries or serves regularly at Bent Tree
- Applicant fulfilled mission team commitment from last year, including financial commitment
- Applicant maintains a christlike character
- Applicant demonstrates maturity and readiness for trip applied for
- Applicant works well as part of a team
- Applicant adheres to the zero-tolerance policy regarding substance abuse

The review team will then work to place students on teams, taking into consideration availability, first preference, readiness, gender, team dynamics, and space availability.

What happens if my student is assigned to a trip they do not want, or is not assigned at all?

Part of the mission trip process is making yourself available to God's plan and letting go of individual plans. Please pray for God to reveal to you how he wants to use your student on this trip. This is helping develop the understanding of our plans vs. God's plans.

How will I find out to which trip my student is assigned?

Trip assignments will be emailed to every applicant by January 18, 2019, no later than 5 p.m.

Do students have to attend all Mission Journey meetings?

Yes, students are expected to attend ALL Mission Journey meetings. *Unless there are extenuating circumstances, any more than one absence will result in the removal of a student from their team.* We provide a list of meeting dates when summer trips are announced. Please inform the Student Missions team prior to application day if scheduling conflicts arise.

Why write support letters?

Fundraising is only part of the letter-writing process. We are primarily asking for prayer support for the mission trip and team-building process. Many friends and family members are happy to help participate

in a mission trip by giving. The responses to support letters are often a means for our students to experience God providing for them through his body.

Can we just pay for the trip without writing letters?

If you are uncomfortable asking for financing, you may pay for the trip. However, writing prayer letters is mandatory for any team member not raising financial support.

What happens if we do not raise enough money?

You will be responsible to either pay the balance due on the trip, or meet with church staff to discuss the amount you are able to pay and a possible payment schedule or scholarship. Scholarship requests are only granted if there are available funds.

What happens if my student is not able to go on the trip?

You must do the following:

- Notify Student Missions immediately, stating the reason the student is no longer able to participate in the trip.
- Applicant must send a letter to supporters informing them of their decision not to go on the trip.
- Cancellation for June trips must occur before February 1 for no additional costs to be incurred. Cancellation for all other trips must occur before March 1.

*If cancellation occurs after these dates, the applicant must pay the difference between the cost of the mission trip and the amount of support raised.

Why can't a team assigned to an individual trip do a fundraiser on its own?

If a team would like to do a fundraiser (for example, a garage sale), approval must be given by Lauren Fuston. The eldership of Bent Tree has asked us to do one large fundraiser as opposed to asking the body multiple times for support through fundraising events (separate from letters).

Why can't my child take their phone?

Simply put, a phone is a distraction. Trips are a catalyst for growth, and a phone call or text to someone from home impedes the learning process. It is important for a student to be removed from their familiar environment to enjoy all of the experiences these trips are designed to facilitate. Also, phone call home can often initiate homesickness, and takes focus away from the mission. If, in the event of an emergency, your student needs to call home or you need to contact your student, our ministry partners all have phones and our adult leaders are equipped with all contact information.
