

*Week 3: Seeing Differently | Teacher: Libin Abraham
Discussion Questions for 10.23.2022*

Ice Breaker

Do you tend to see the little details or the big picture?

Read

Acts 3:1-10; 2 Corinthians 6:10; Isaiah 55:6; Leviticus 21:16-19

Main Points

1. In the 3.5 years of Jesus' ministry he had over 40 one-on-one encounters with people.
2. Our expectation primes our brain to comprehend an event or interpret a picture in a certain way.
3. Jesus was able to see through all the exterior facade, he saw through people's reputation, their motives, and he saw their real need before they even saw it.
4. Though Peter and John had seen the crippled man daily, in Acts 3 they finally *saw* him through Jesus' eyes and then their words and actions followed.
5. God's presence isn't just for us to experience, it's for us to share as well.
6. We go as sent ones seeing people differently through the lens of Jesus that saw us differently.

Group Discussion

- Do you remember when you first realized that God sees you differently than how others saw you? Or how you saw/see yourself?
- How does being *sent* impact what we see?
- Who might be someone/people that you pass by every day that God is inviting you to see differently?

Bottom Line

Living a *Sent Life* is to see people through the eyes of the one who has sent you.

Weekly Application

Set a daily reminder on your phone: "Who do you see?" Share with someone what happened when you did that this week.
