Sermon Questions for 3.26.17

Opener

What things in your life change when your physical sight is impaired?

Read

John 9:1-38

Engage with God in a Group

- Tell about a time that you were stumped and had a total lack of direction.
- Who in your life tells you about your blindspots? How do you respond to them when they do?
- As you've seen his works displayed in your life through difficulty, how has God revealed his kindness and grace to you?
- What would you share about who Jesus is because of the sight he has granted you?
- Read Psalm 27 as a group. As you do, imagine what it would be like if you had just regained your physical sight.

Bottom Line

Cloudy vision becomes clear when your source of Light is Jesus.
