Engage with God in a Group

- If you're a believer in Jesus, what are the areas in your life where you still tend to perceive yourself as living in your old spiritual address?
- Are you simply trying to remodel the old self, or are you seeking the overhaul renewal that comes through living from God?
- How does it change your perspective on that area in your life to see yourself as new in Christ, re-created to be vibrantly connected with him in every moment?

Bottom Line

In Christ, we have a new spiritual identity; and we also have a new spiritual location.
