Engage with God in a Group

- In what specific ways do you think loving your fellow believers will serve as a testimony to bring seekers to Jesus?
- List out some things that seekers who don't know Jesus need to see in your life with other believers.
- Take time to pray with each other: 1) That you and your believing friends will grow deeper in your love for Jesus as you reflect him to one another, and 2) that through that love, seekers in your sphere of influence will see and know Jesus.

Bottom Line

The church testifies to Jesus being the savior by making the invisible God visible through love.
