Engage with God in a Group

- How does religious pride creep into our current culture? What does humility look like today?
- When do you find it most challenging to remember all God has done for you?
- What areas of our life, what relationships in your life, do you find most difficult to engage with in humility, where you recognize pride on display in your attitude and actions?
- If a friend, co-worker, or family member were to ask you to describe who Jesus is to you, what would you say?
- What is God inviting you to release to him today, that you might walk humbly and display his love not only for you but through you to others?

Bottom Line

His love on a mission becomes our love in mission.
