1. We redefine what is good.
2. We reorder what is good.
3. We replace what is good.

Engage with God in a Group

- What's a verse you've read that you had to think about quite a bit about before you could embrace it as something you really believe?
- Do you trust that God is good? If so, do you trust he who is good to define what is good?
- How can you steward your time differently to reflect that Jesus is the most important thing in your life?
- What do the accumulated minutes of your life communicate is most important to you?
- Is there a good thing in my life that I'm treating like the best thing?

Bottom Line

We can walk confidently knowing that the God who is good, is doing good in and through you.
