

The Essence

Part 17: We Know, So... | Speaker: Pete Briscoe
Sermon Questions for 6.11.17

Opener

When was the last time something you learned became a conviction, and changed what you do?

Read

1 John 5:18-21; Romans 12:2

Engage with God in a Group

- How have you been tempted to look to biology, economics, politics, intellect, or morality for solutions to your (or the world's) problems?
- Why do you think it is difficult for us to turn away from idols – anything that occupies the place that should be occupied by God alone?
- Have you ever been tempted to choose an idol and chose God instead? What was the result?
- Is there anything in your life you would not give up if Jesus asked you to?

Bottom Line

We learn something, it becomes a conviction, and it changes what we do.
