Engage with God in a Group

- Does your attitude toward at work reflect that you see it as “secular” or “sacred”? How does this affect the way you are at work?
- How would you experience freedom if you saw **all** your gifts as tools for God's work through you?
- How does your perspective on your work change to remember that you bring with you the indwelling Spirit of Jesus?
- Jesus is better at your job than you are. How have you experienced Christ in your workplace as you offered yourself to him?
