Engage with God in a Group

- Which “benefits” of cohabitating are you most tempted to believe? How are those “benefits” really a cheap imitation of the real thing?
- What are some real benefits of being single? Of being married?
- Is the Spirit placing someone on your mind to have an “awkward” conversation with? Pray for each other to walk in dependence on the Spirit.

Bottom Line

Cohabitation is like a “Rolex” you buy on the street; you can do much better!
